

## IT Certifications with Accumentum That Count Toward WGU Degrees

Category	Certification	Issuing Body	Typical WGU Credit Value/Equivalent	Notes
IT Fundamentals & Support	CompTIA A+	CompTIA	2-4 competency units (e.g., IT Applications or foundational IT courses)	Entry-level; covers hardware, software, and troubleshooting.
Networking	CompTIA Network+	CompTIA	3-4 competency units (e.g., Network and Security - Applications)	Core networking skills; prerequisite for many advanced certs.
Networking	Cisco CCNA (Cisco Certified Network Associate)	Cisco	4-6 competency units (e.g., Networking courses in Cloud and Network Engineering)	Focuses on network fundamentals, IP services, and security.
Security	CompTIA Security+	CompTIA	3-4 competency units (e.g., Secure Network Design)	Entry-level cybersecurity; DoD 8570/8140 compliant.
Security	CompTIA CySA+ (Cybersecurity Analyst+)	CompTIA	3-4 competency units (e.g., Ethical Hacking or Vulnerability Management)	Behavioral analytics and threat detection.
Security	CompTIA PenTest+	CompTIA	3-4 competency units (e.g., Penetration Testing)	Hands-on penetration testing and vulnerability assessment.
Security	CEH (Certified Ethical Hacker)	EC-Council	3-4 competency units (e.g., Secure Software Design)	Ethical hacking techniques; DoD compliant.
Security	CHFI (Computer Hacking Forensic Investigator)	EC-Council	3-4 competency units (e.g., Digital Forensics)	Incident response and forensics.
Cloud Computing	AWS Certified Cloud Practitioner	AWS	2-3 competency units (e.g., IT Foundations or Cloud courses)	Entry-level AWS cloud basics.
Cloud Computing	AWS Certified Solutions Architect - Associate	AWS	4-6 competency units (e.g., Cloud Architecture)	Designing scalable AWS systems.
Cloud Computing	Google Professional Cloud Architect	Google Cloud	4-6 competency units (e.g., Cloud Platform Implementation)	Designing and managing Google Cloud solutions.
Cloud Computing	Microsoft Certified: Azure Fundamentals (AZ-900)	Microsoft	2-3 competency units (e.g., Cloud Foundations)	Basic Azure cloud concepts.
Cloud Computing	Microsoft Certified: Azure Administrator Associate (AZ-104)	Microsoft	3-4 competency units (e.g., Azure Administration)	Managing Azure identities and governance.
Linux & Systems	Linux Essentials	Linux Professional Institute (LPI)	2-3 competency units (e.g., Linux Foundations)	Basic Linux skills.
Linux & Systems	LPIC-1: Linux Administrator	LPI	3-4 competency units (e.g., Linux System Administration)	Junior-level Linux administration.
Linux & Systems	LFCS (Linux Foundation Certified System Administrator)	The Linux Foundation	3-4 competency units (e.g., Systems Administration)	Command-line proficiency and security.
